

The deposition of Mery Leves aged about 19 years who testified and
said that in the latter end of April 1892 there appeared to me the
Apprentice of about 60 years old woman which told me her name was Gertrude
and that she came from Amberg who did most grievously torment me
by biting and pinching me urging me vehemently to wait in her back
but on the 2 days before the day of his examination Susanah Martin
did torment and afflict me most grievously in the time of his exami-
nation for at the time upon me personally she would strike me down as
almost choked and several times saw the Apprentice of Susanah
Martin has most grievously afflicted me by pinching and almost choked
me to death urging me to wait in his back and also in the day of
his examination I saw the Apprentice of Susanah Martin go and hit
the bodies of Mery Walat Elizabeth Hubbard Joseph Williams and
Ann Putnam Hunt
