Join the doctors and nurses of the 4077th Mobile Army Surgical Hospital (M*A*S*H) on the 38th Parallel in South Korea, just 3 miles from the front line during the Korean War in 1951.

This play is based on Richard Hooker's book and the classic television show, considered among the top ten TV shows of all time. At its heart, the story depicts how these doctors, nurses, and corpsmen stay sane in an insane situation.
